WORK EXPERIENCE

Trainee Web Developer

Plato Minds Services, Kolhapur, Maharashtra | June 2024 – September 2024

- **Web Development:** Designed and maintained responsive web pages using PHP, MySQL, HTML, CSS, and JavaScript. Ensured seamless user experiences across devices and browsers.
- **Collaboration:** Worked closely with cross-functional teams to deliver user-friendly solutions. Optimized an e-commerce platform to enhance user interaction, navigation, and app performance.

PROJECTS

Weather Forecast Application

- **Technology:** Built an interactive weather forecast app using JavaScript and external APIs to fetch and display live weather updates.
- **Functionality:** Provided location-based forecasts and a user-friendly interface for real-time updates.

To-Do Application with Redux

- **Overview:** Developed a React-based task management application using Redux for state management, including adding, editing, and deleting tasks.
- **Optimization:** Integrated advanced CSS styling and responsive design for seamless usability.
- **Features:**
 1. User authentication with login/logout functionality for secure access to tasks.
 2. Real-time task updates and state synchronization across components using Redux.
 3. Persisted user data with local storage to maintain tasks even after logout.

Split App

- **Objective:** Created a bill-splitting application to simplify group expenses and calculations.
Technology Stack: React.js, Redux, and CSS for the front end; Node.js, Express, and MySQL for the back end.
- **Features:**
 1. Real-time bill splitting and tracking of individual and group expenses.
 2. Integration of notifications and expense history for transparency.
- **Impact:** Improved financial management and collaboration among users, leading to increased app engagement.

SKILLS

- **Technologies / Languages:** HTML, CSS, JavaScript, MySQL, React JS, Redux, Express JS ,AngularJs,Java(core).
- **Soft Skills :** Communication Skills, Adaptability, Problem-Solving.
